

U-TURN 2 - 1 (ON)

SHE

Bobby? What the hell's the matter with you?

HE

I... nothing. I just stubbed my toe on a rock.
Hurt like hell.

SHE

I got the money all packed. I put the jeep and
his caddy in the garage. People'll think maybe
me and Jake went away. Buy us some time... I
know a back road we can take.

HE

Good thinking. What's all this?

SHE

I'm not coming back.

HE

All right, let's go. I want to be fifty miles from
here before the sun comes up.

SHE

Funny thing, the jeep wouldn't start. I had to
push it.

HE

Funny thing... I'll get the bags.

SHE

Oh, God! I can't believe it. I'm out. I'm finally
out!

HE

Hey! Take it easy.

U-TURN 2 - 2

SHE

You don't know what it feels like to be free of that place.

HE

I don't know about that?

SHE

You spent a day in Superior. I wasted my entire life there. I feel like someone just took a million pounds off my shoulders.

HE

We've still got some dead weight to get rid of.

SHE

Can't we just dump him fast some place?

HE

I want a place where only the vultures will find him. ... It'll be over soon, Grace.

SHE

Then will you take me on your friend's boat with you?

HE

I'm not sailing his boat.

SHE

But I thought...

HE

We're going to buy a boat of our own, and sail it wherever we want to go.

U-TURN 2 - 3

SHE

Anywhere?

HE

What the hell? Why not? Where should we go?

SHE

Hawaii. I've read all about it. I've dreamed of going there and just lying on the beach while the water licked up against my feet. Oh, God, I'd kill to go there.

HE

You already have. (beat) You know, I thought you'd left me back there.

SHE

What are you talking about?

HE

When I got back from the garage and your jeep wasn't there. I thought you'd gone and left me and taken the money. 'Cause I never had any luck with women, Grace. You don't know what I been through. The shit I've taken. I thought you were like the rest of 'em... but when you came out of the house... well you're here Grace and we might be starting in the shit but we're starting where I never been - together with someone - together with you Grace.

SHE

I love you, Bobby.

HE

We're gonna pull this off, Grace.
