

MIAMI RHAPSODY 2 - 1

HE

It was a mistake. A huge mistake. I never should have let the cellular phone bills come to the house.

SHE

That's how she found out? The phone bills?

HE

She could see that I was making local calls when I said I was out of town.

SHE

Jordan she was pregnant!

HE

She won't sleep with me. I need sex Gwen, You understand? I need a lot of sex.

SHE

Did you have to have it with another person? ... Put that phone down.... who are you calling?

HE

Just checking my voice mail.

SHE

That phone is going to give you a tumour.

HE

I could use a tumour right about now.

SHE

So who are you going to stay with? Are you going to stay with your girlfriend?

HE

No, I don't think her husband would appreciate it.

SHE

She's married too?

HE

Yeah. It's Brad's wife, Karen.

MIAMI RHAPSODY 2 - 2

SHE

You slept with your partner's wife?

HE

Right.

SHE

Jeez, you're like a nuclear menace! Your warhead should be dismantled. I don't understand your problem. You and Terri had the perfect marriage. What changed?

HE

Terri. Terri changed.

SHE

Oh, Terri changed. You didn't change at all.

HE

I'm telling you, when I married her she was this young, ambitious lawyer. Now she's just turned into this.... mother.

SHE

And that's what turned you off, she became a mother? I mean, how did all this start?

HE

I don't know, it just happened. We were all having dinner one night, Brad, Karen, Terri and me. Karen was going on about her modelling career and I teased her about what a tough life it must be. So, she invited me to a shoot the next day on the beach, so I could see how difficult it really was. When we got home that night Terri accused me of flirting with Karen.

SHE

Well, she was very perceptive.

HE

I wasn't flirting! Anyway, the next day I went down to the beach.

MIAMI RHAPSODY 2 - 3

SHE

You were looking for trouble.

HE

Not at all. I was just curious. She was so gorgeous, she came towards me and she was practically naked, I was stunned. Then something happened to me that has never happened before - I passed out. When I came to I was in Karen's dressing room. God, she was beautiful.... anyway, that's how it got started, quite innocently. We started meeting every two days at a motel down at the beach. The sex was incredible, I'm talking "world class". But I never wanted my marriage to end. I honestly thought I could have both.

SHE

I just feel bad for the kids.

HE

Don't you worry about the kids, the kids'll be fine, it's all she thinks about. Terri's an excellent mother.

SHE

Well, she's an excellent mother, she's a brilliant mind and she's still very attractive, so what changed, I mean, what did she do wrong?

HE

She didn't do anything wrong. We just want different things, you know. People evolve differently. Then one day you wake up and the woman in bed next to you is not the woman you fell in love with. It's inevitable. ... So when are you guys getting married?
