

NOW & FOREVER 4-1

SHE

Jigsaw puzzles. I love jigsaw puzzles. This was my favorite.

HE

I've never done a puzzle.

SHE

You're kidding, right?

HE

Nope.

SHE

Well, they're great. I used to do them all the time when I was a little girl. These are all pretty simple.

HE

When it's all together, it ends up looking just like the picture on the box, right?

SHE

Yeah. You can use the picture as a guide; like a map.

HE

So, if you already know what the puzzle is going to look like, what's the point of putting it together?

SHE

Putting it together is the fun part. First you pick out all the edge pieces, then you start sorting out the colors...

NOW & FOREVER 4-2

HE

I see. So it doesn't matter what the picture looks like?

SHE

Not really.

HE

Hmmm. OK.

SHE

What are you doing?

HE

I don't know yet. I just started.

SHE

But you're turning all the pieces upside down.

HE

So?

SHE

But you can't see what it looks like that way.

HE

But I already know what it looks like. The picture is on the box.

SHE

Whatever. Knock yourself out. It just takes half the fun out of it.

HE

But you said...

SHE

Forget it. Just do the damn thing. God, this is suppose to be relaxing.
