

**Entourage 4** - Pg 1 of 4 (U-E)

HE

Hold on! I just need a word.

SHE

Ari? What are you doing here?

HE

I need a sec, doc.

SHE

No, not now.

HE

I need you, doc. Please.

SHE

Ari.

HE

Doc. Doc?

SHE

This is personal time, Ari. I have a rule not to have my personal time interrupted.

HE

Dangers of belonging to the same club as patients.

SHE

This is completely inappropriate.

HE

Doc, I am melting down.

SHE

Okay. I'll give you five minutes... What's going on?

HE

I don't know. I'm not me. My wife is right, it is about Vince.

SHE

Ari, even in a professional relationship where there is no sexual component, there's a sense of loss after a breakup. A period of mourning, if you will.

HE

How long does it last? 'Cause it's affecting my work.

SHE

How so?

HE

I couldn't fire someone today. Firing people is one of my favorite things. It's a perk of my job. I couldn't do it all because this little fuck gave me some song and dance about his wife leaving him.

SHE

You felt compassion.

HE

Yeah. Last week, all I had to do was let my assistant perform just one more gay act out of the many gay acts he's performed in his life. It would've made me millions of dollars. I couldn't do that either.

SHE

So you felt protective over someone else.

HE

Yeah, and it made me sick.

SHE

Ari, these are good things. Sounds like you're evolving.

HE

I don't want to evolve. I wanna get back to me. I like me.

SHE

Ari, it will take months of extensive therapy, maybe even years for you to get comfortable with the direction you're heading.

HE

I don't want to head in that direction. I want my edge back. I need my anger and I need it now.

SHE

I'm making a run at the course record, here. Now, I want you to call my office and make an appointment. Trust me. This is exciting progress.

HE

Doc, don't leave me here! I--

SHE

Boundaries, Ari. Adhere to them, please!

HE

You shitty dime-store therapist! A man's life is on the line here and all you give a fuck about is some club record that will do what for you? Give you five minutes of pleasure while you fuck your underpaid, emasculated husband tonight? How the fuck does he afford this place, anyway? Isn't he a guidance counselor at a high school?

SHE

That anger you were worried about?

HE

Yeah?

**Entourage 4** - Pg 4 of 4 (U-E)

SHE

I think it's back... Triggers, Ari.  
They can go both ways. You can  
right now, stop, work hard and go in  
a direction to make yourself a  
decent, positive member of society,  
like my husband. Or you can go back  
to the low-life, narcissistic grunt  
I've watched berate his wife for a  
year and a half in my office.

HE

I knew you were on her side.

SHE

It's your choice, Ari.
