

Entourage 1 - Pg 1 (U-E)

HE

You look great.

SHE

Thanks. I'm probably in the best shape of my life... You look like shit.

HE

I do?

SHE

Who's been cutting your hair?
Turtle?

HE

No. I just haven't... Still doing the pilates?

SHE

When I have time. I'm really busy.

HE

Yeah, me too. Really busy. Got no time for anything. No time for haircuts. Got a lot of shit going on right now.

SHE

Like what?

HE

Stuff.

SHE

Oh really? Like what?

HE

Like stuff. Don't quiz me.

SHE

Like what did you do today?

HE

You don't get my job. You never did. I shopped and I played golf. But it's not how it sounds.

SHE

Shopping and golf?

HE

Vince is doing Jimmy Kimmel tonight. I've got to keep his mind focused. He's on with Sara Foster. You know who that is? Vince had a one night stand with her and never called her. Can you believe that?

SHE

Yeah, I can. Vince has to break up with girls before it gets serious. That way he can't get hurt. Textbook narcissist. He has major intimacy issues.

HE

Yeah? You think that's what it is?

SHE

I'm a psych major, Eric. So Turtle tells me you're thinking of buying a house.

HE

Well, not exactly.

SHE

Oh, of course. Vince is gonna buy a house and you're all gonna live in it.

HE

Yeah, something like that.

The phone begins to ring continuously.

SHE

Fuck.

HE

What?

SHE

What happened to you getting your own place?

HE

I am getting my own place.

SHE

When? When Vince dies?

HE

When the time is right. Jesus.

He picks up the phone.

HE (CONT'D)

What?... Can't this wait? It's in the second drawer... The second drawer, Jesus!

He hangs up the phone.

HE (CONT'D)

Vince says hello.

SHE

Great. Look, I gotta go.

HE

Look, I was hoping we wouldn't get into a fight about this.

SHE

I thought you like to fight.

HE

Only when it leads to make up sex.

SHE

That's not gonna happen.

HE

You wanna bet?

SHE

Wait, wait. Let's be clear about one thing, okay? This is not makeup sex. This is break up sex.

HE

Whatever.
