He

I didn't know you could be so dishonest.

She

Don't be a prick.

He

I just quit my job, and our life savings are about to go up in smoke.

She

That's exactly why I kept it to myself. That day with Brad, I hadn't seen you so happy since our first date at the diner.

He

So you were going to have an abortion.

She

No. we were going to have a baby. It was my birthday. I was late. I knew I was pregnant. I was afraid to take an E.P.T. or go to the doctor, not yet. I don't know when. Is that what you would have told me to do, have an abortion?

He

Nicole, I do want to have a child with you so badly—

She

But only according to your own ridiculous timetable.

He

I don't want to have a child I can't provide for.

She

Don't worry. I'll provide for my child.

He

That's not what I meant.

She

If you're not ready to have a child, I don't know that I can be with you. It was my birthday.

He

Did you tell anyone else?

She

Stuart, please believe me. I need my husband in my life. I need you in my life. Remember when I wanted you to come to my Cordon Bleu graduation with me? You wouldn't come. Why are you so uncomfortable around the rest of the people in my life? "Tess is evil". Day one you wanted her out of my life. Don't you need me and the people around me, in your life?

(BEAT)

I think I need a change of scenery.

He

Where do you want to go?

She

I think I want to move to Missoula.
