TIM

Why are you doing this Glen?

GLEN

Shut up. I ask the questions here.

TIM

I need some water.

GLEN

I just don't see it.

TIM

What?

GLEN

That was another Damn question. Are you stupid?

TIM

I'm sorry... I umm

GLEN

I ummm, I ummm... Damn you are stupid. Stupid and pathetic

TIM

I'm sorry

GLEN

Shut up! I don't want to hear how sorry you are. It's a little late now.

TIM

Look Glen, she said it was over. If I'd know, I never would've...

GLEN

But you did. But why did she? I gave her everything she needed...

TIM

I'm sure you did

GLEN

Don't patronize me

TIM

I wasn't...

GLEN

Yes you were. It's no time to lie, Tim. You've already sinned enough. The only chance you have is to come clean. To tell me the god damn truth.

TIM

What is... I'll try but I really need some water first.

GLEN

Mouth a little dry?

TIM

Yes

GLEN

You'll get some water if you tell me what I want to know

TIM

Tim, this is insane!

GLEN

Insane? You don't know what insane is, until you've sat at home night after night wondering where your wife is. And then when she walks in the door and looks you straight in the eyes, and tells you she was at work. And you believe here. Because you love her. And then you start hating yourself for not trusting her, because of everything you thought she could be doing... But she was at work... She was out screwing another man... no she was at work.....she was in a car accident? No, thank God, she was just at work.... She doesn't love me anymore, because she has a headache all the time and cringes when I touch he? NO! She's just to fucking tired because she's been working so fucking much!

TIM

Glen

GLEN

Insane? The only time I was insane was then. I didn't do anything. I suspected her, and she manipulated me. I was so week she could convince me of anything. And now that I'm taking control, I'm all of the sudden insane? This is real. And any sane person would do the same

TIM

Glen, I will tell you anything you want

GLEN

I know. (pause). How did it happen? How did the first time happen?

TIM

I'm actually in love with her too

GLEN

I don't give a shit. Did I ask you that?

TIM

NO...

GLEN

That's right. How did it happen?

TIM

I don't know. It just did. I had no idea you two were still together

GLEN

We were under the same roof!

TIM

I know. But she said that you two slept in separates rooms. That you'd agreed you could start dating other people. I always said I/d never have an affair from someone at work, but it just happened

GLEN

An affair?

TIM

What?

GLEN

More scenes 1

You said it was an affair, not a relationship. You're not married

TIM

We worked together. We couldn't tell people. It was an affair

GLEN

No. You can't manipulate me like that. Twisting the words. You knew we were still together, that's why you said affair

TIM

No

GLEN

You probably laughed about me while your had sex. Called me names. Planned how to get rid of me.

GLEN

You're wrong

TIM

Bull shit

GLEN

You don't get it

TIM

Get what?

GLEN

You weren't important enough to talk about. You're name never came up. When we were in bed, we were too busy to think about a pathetic fuck like you. (Pause) Where are you going?!
