

INT. INTERROGATION ROOM - DAY

PRESTON CARNES (20) sits at the table. He is only trying to look confident. DETECTIVE MILLER enters the room with a file and a DVD. She sits.

MILLER

Thanks for coming in, Preston.

PRESTON

No problem. I had a test in Poli-
Sci today I don't mind missing.

MILLER

I'll be sure to write you an
excuse. What would like me to say?
Please excuse Preston Carnes from
his class today, he was being
questioned in the rape case of Judy
Bingham.

PRESTON

Whoa, I had nothing to do with
that.

MILLER

Well, I have a video of a Judy
Bingham being sexually assaulted.
We can hear your voice on the tape.

PRESTON

I'm pretty sure this person you
think is me, is not.

MILLER

How can you be so certain?

PRESTON

Because I didn't rape anyone. Did
this girl say I did it?

MILLER

She can't identify her rapist, she
was unconscious at the time.

PRESTON

Well, then why am I here?

MILLER

We have your friend, Jason, in the
other room right now. He's missed
all of his classes this morning
just to talk with us.

(MORE)

(CONTINUED)

MILLER (CONT'D)

Thing is, we didn't ask him to come in, he came in on his own. That's who we got the video from.

PRESTON

Jason? Look, Jason is a freak. I heard he likes to videotape himself having sex with these random girls and emailing them to his friends. That's his thing, not mine. If he says I'm on any of those tapes, he's lying.

MILLER

Jason confessed to videotaping himself with his girlfriends without their knowledge, however, he says that on the night of the rape, you borrowed his camera.

PRESTON

Seriously? This guy admits to making all these sex tapes, except for one. Give me a break.

MILLER

All the video files are on his camera. All the tapes he showed us were shot in his dorm, this one was shot somewhere else. Besides, he has a solid alibi for that night.

PRESTON

Unless she can ID me, or you can find my DNA on her, don't waste my time.

MILLER

Okay, we'll be back to take a DNA sample. In the mean time, we have you for the next 48 hours.

Miller grabs the file and exits.

PRESTON

I'll take that lawyer, now.

Miller leaves the room.
