

INT. SPROULE'S OFFICE - DAY

An expanse of Vancouver Harbor behind windows.

Sproule gets up to greet the I.S. guy - CHARLIE. (We've seen Charlie's face before on Norman's wall, as part of the Quiller commission.)

SPROULE

Hello Charlie - what a nice surprise - it's been a while.

CHARLIE

Too long - but I understand we'll be seeing a lot more of you out east. Congratulations by the way, everyone's eager to have you on board.

SPROULE

That's great to hear. I'm anxious to begin. How can I help you today.

Charlie sits.

CHARLIE

We're good to talk? You have anything running?

SPROULE

No. It's safe.

CHARLIE

Rupert Holmby. AKA Wolfgang fucking McGee.

SPROULE

I know him.

CHARLIE

You run him.

SPROULE

No. Al Crenshaw runs him. Bill West. If you can say anyone runs him. He's private sector, a contract asset. Tricky.

CHARLIE

Is he poking into this Quiller Commission? This terrorist thing at the ball park.

SPROULE

No - don't believe I've heard any reports of that.

CHARLIE

Nobody internally looking at it you're aware of.

SPROULE

I'd have to say based on what I know today - no.

CHARLIE

This McGee character is. Bump him off it, will you? That thing's been signed sealed and delivered. It's dead.

SPROULE

Of course. Understood.

CHARLIE

I doubt he'll tell you who he's working for, but that would be very helpful.

SPROULE

He's rarely forthcoming. And to be suspected when he is.

CHARLIE

That's all you need to know.

SPROULE

Consider it done.

He makes to leave.

CHARLIE

Soon as you hit the Capital, let me know, I'll show you around the town, introduce the players. There's going to be some big changes made. It's an interesting time.

SPROULE

I look forward to it.

CHARLIE

How's the lovely Ellen, I can't wait to see her, tell her I said so. She's well, excited about the move?

SPROULE

She's thrilled. A little sad at  
leaving friends behind -

CHARLIE

She'll get over it. Tell this  
Wolfgang character to stop messing  
about and I want to hear about it  
if he gives you any stick. We can  
turn his volume down pretty fucking  
quick if required.

SPROULE

I'll take care of it right away.
