

SHE

That one

HE

You sure?

SHE

Yep

HE

No, its laminate

SHE

That's not real hardwood floor?

HE

I know. It looks exactly like it, but its one one hundredth of the cost

SHE

Huh.....So we'll get the real wood.

HE

What? But you can't even tell the difference

SHE

That's not the point

HE

Well what is the point?

SHE

Well, I don't like how it's pretending to be wood. If it's not wood, don't pretend to look like wood.

HE

I don't think its pretending.

SHE

It's a lie Dan. You know, just be upfront and tell people what you really are

HE

Okay. Okay, you're right. I'm sorry.

SHE

It's alright. Maybe we should just go look at the grills, and then come back.

HE

Okay. (Beat) I slept with someone

SHE

You tell me this in Home Depot so I won't make a scene?

HE

No that's not why I did it

SHE

I knew it. I knew it. You asshole

HE

I'm sorry

SHE

It is you that's been smoking too, hasn't it?

HE

What?...Why does that even matter?

SHE

Have you been smoking?!

HE

No, no I haven't. (beat) Look, I talked to Neil, and told him and he said I could stay at his boat for a while

SHE

Excuse me? Now you are moving out? You're like leaving me?

HE

No, no. I just assumed that you wouldn't want me there

SHE

Aren't we going to deal with this? Don't you want to find some way for us to work through this?

HE

I assumed that when I told you that you would throw me out

SHE

Is that what you want?

HE

No

SHE

Okay then. Okay.
