

WEST WING 10 - 1 (AD)

HE

I asked you to wait with an agent.

SHE

I wanted to get some air.

HE

That's fine, but I asked you to wait with an agent.

SHE

Simon...

HE

You can say to the agent, "I'd like to go outside and get some air" and he'll go with you.

SHE

I'm standing in the middle of the President's security detail. What do you think's going to happen to me?

HE

I don't know what's gonna happen to you. If I did, this would be easy!

SHE

Maybe if we didn't shout so much.

HE

I have spent my adult life protecting people. You're the first person who's got me seriously thinking about switching sides.

SHE

Oh, I'm sorry you feel that way. I think I've been a treat.

WEST WING 10 - 2

HE

Oh, yes you have. A little Easter treat. Just for me.

SHE

You seem a little riled.

HE

From the first day, you've acted like this is all my fault, when that's a pretty tough case to make.

SHE

I don't think any of it's your fault, and I appreciate everything you've done.

HE

I got to say, there are times when it seems you like me.

SHE

I do like you.

HE

Then you just walk off to stick it to me, and forget the personalities. It's just stupid!

SHE

I said I do like you.

HE

I meant the other way!

SHE

So did I. I tried to kiss you.

HE

You said you didn't!

WEST WING 10 -3

SHE

I was lying, you idiot.

HE

All right. I'm switching sides now.

SHE

I was embarrassed. I fumbled it.

HE

You didn't. I told you. I'm not allowed!

SHE

It sounded like an excuse.

HE

It's not. Somebody is threatening to kill you. I can't be... I watched you for three seconds trying on dresses in Barney's, and the guy shows up... I can't be...

SHE

You watched me at Barney's?

HE

You're like the girl in Driver's Ed. who won't watch the prom night movie because it's gross, and so ends up missing an important lesson about drinking and driving. (his phone rings)

SHE

What in God's name are you talking about?

HE

(into phone) Simon Donovan.

WEST WING 10 - 4

SHE

You're saying I need to take my protection more seriously? 'Cause Simon, this is happening to me. I think I take the situation plenty seriously, but I have to live my life, so maybe...

HE

I have a phone to my ear. What does that mean to you?

SHE

I shouldn't be talking.

HE

(into phone) Yes, sir. Thank you. (To her) They've got him.

SHE

What do you mean?

HE

We have him in custody.

SHE

They have him?

HE

They stopped his train in Trenton.

SHE

Where was he going?

HE

Here. He wasn't gonna do anything to you.

SHE

This is over.

HE

There's the paperwork.

WEST WING 10 - 5

SHE

I meant for me.

HE

Yeah.

SHE

Thank you.

HE

You're welcome.

SHE

Seriously. Thanks.

HE

You can drive your car, walk in a crowd, do what you want.

SHE

How about a drink?

HE

Sure, you can drink.

SHE

Can you meet me after the play?

HE

Yes.

SHE

Good.

HE

Where?

SHE

Anywhere you want.
