

In the Bedroom 1/4

SHE

How'd you get in this time?

HE

Used a jimmy.

SHE

What can I help you with?

HE

I was just dropping that off for Jason.

SHE

What?

HE

That baseball trophy. I didn't know where you'd want to put it. It's about time he got it. What am I gonna do with it?

SHE

That's really gonna mean a lot to him, Richard. He's really been improving lately.

HE

Good.

SHE

It would've been nice if you'd have come to his game.

HE

I just got your message. (pause) Where are they? With him?

SHE

It's none of your business.

HE

I see. They're my boys but they're not my business.

SHE

You know what I mean.

In the Bedroom 2/4

---

HE

Yeah... I was thinking about moving back. Here... with you and the boys.

SHE

What are you talking about?

HE

What am I talking about? I'm talking about moving back is what I'm talking about! I know what you're thinking. It's different now.

SHE

Yeah?

HE

Yeah.

SHE

How's your job? Your father take you back on at the cannery?

HE

That's funny... still getting your cheques, aren't you? Or do I have to call my father's accountant? Hey, did you see my new rig out there?

SHE

Yeah, it's really nice.

HE

It's not exactly new, I traded David the truck for it. It's got room for all of us. Good grocery car. Hey, you wanna take a ride?

SHE

It's just... Richard... you don't change. You don't change, do ya.

HE

Change? No. No I don't change. Everything around me changes. You change... you take my house, and you take my kids... and you fuck this other guy... but me, I don't change at all.

In the Bedroom 3/4

SHE

It's not your house.

HE

Oh, really?

SHE

It doesn't matter... I don't care! It's not working!

HE

Well, I just want a chance.

SHE

For what? So you can pretend they have a real father for a few days?

HE

I am their real father! I am their father!

SHE

No, Richard. You know what defines a father? It's what he does! Not what he promises! It's being a... a positive consistent presence.

HE

A positive...consistent... presence? Wow! What does that mean? I just don't get it... but then I'm not a fucking college boy, now am I?

SHE

Look, uh... could you just go now? I just don't want you here when they get back.

HE

oh? You wouldn't want that?

SHE

No.

In the Bedroom 4/4

No... HE

No, you hafta leave now... SHE

Alright... HE

I'll see you later, Richard. SHE

Yeah. Later. HE
