

PROMISES, KISSES AND NEW YORK CITY (PK) 2 - 1

SHE

So, what did you rent?

HE

Oh, I rented a comedy and a drama, I wasn't sure what you'd be in the mood for.

SHE

You didn't have to rent two. I'll probably only have time to watch one.

HE

No, that's okay. I got them from the video store by my place. I let the owner into the club whenever he wants and he gives me videos for free.

SHE

Nice little barter system you got there.

HE

I mean, don't get me wrong, I'd have rented two movies even if I did have to pay. It's just that we have this arrangement.

SHE

Do you often let people into the club for free?

HE

Yeah.

SHE

Well, when you signed me and Janine in last Saturday you said you rarely "do this sort of thing" and that we were special guests.

HE

You were special guests.

SHE

Apparently no more special than the guy who rents you movies for free.

HE

Oh, come on, that's different!

SHE

Explain to me how it's different!

PROMISES, KISSES & NY 2 - 2

HE

It just is. I wouldn't want to sleep with my video clerk.

SHE

Oh, this is all coming together nicely. That's how you operate. You bring girls down to the club, show them a good time, buy them a few drinks, and then have sex with them.

HE

No, no, no, we are getting way off track here.

SHE

No, I don't think we are.

HE

Yes, we are. Look, we had a nice dinner, we are going to watch a nice, free movie, and we are going to cuddle nicely together on the couch.

SHE

No. We had a nice dinner and now you are going to leave!

HE

What about the movies?

SHE

Watch the comedy last!

HE

Where did this fight come from?

SHE

It didn't come from anywhere!

HE

Yes, it did. It came from you! From you and that female way of reasoning! Women are like bloodhounds when it comes to fights. They can sniff one out whenever they want to.

SHE

That is such a typical guy bullshit thing to say!

PROMISES, KISSES & NY 2 - 3

HE

Don't turn this into a guy-girl thing 'cause it's not! I had every intention of spending a nice, romantic evening with you until you decided that a fight would be more fun!

SHE

So, this is all my fault?

HE

As a matter of fact, it is Mrs. "I'm no more important than the video guy". Yes, it is your fault!

SHE

Sorry, I've heard enough of this shit. Get out!

HE

You can't kick someone out of your apartment if they've already decided to leave!

SHE

So leave!

HE

I am. And thanks for saving me the time and energy I would have wasted on you!

SHE

Don't forget to return those movies! ...  
Oh, I forgot, they're free!
