

MICHELLE

You know, even though we've watched pretty woman like, 36 times, I never get tired of making fun of it

ROMY

Oh I know. Awe. poor thing. Look they won't let her shop. Yeah like those salesgirls in Beverly Hills aren't losers than she is

MICHELLE

I know, isn't that the truth

ROMY

Oh my god. Listen to that sad, sad music as she leaves.

MICHELLE

It's like Boo Hoo...ugg

ROMY

But it is kind of sad.

MICHELLE

Yeah, but then I get really happy when they finally let her shop

ROMY

Okay, So I have nothing to wear. We don't even have time to make anything new before we go out

MICHELLE

Well how about this one?

ROMY

No, we wore that last night

MICHELLE

Oh right, how does this one look

ROMY

Really? You think that one looks good? I think the stuck up sales clerk looked better

MICHELLE

So True. Hey did you lose weight?

ROMY

Actually I have been trying this new fat-free diet I invented. All I've had to eat for the past six days or gummy bears, jelly beans and candy corns

MICHELLE

Gosh, I wish I had your discipline

ROMY

That's it. Now these are our outfits.

MICHELLE

I can't believe how cute I look

ROMY

I know

MICHELLE

You know what? This is like, the cutest we've ever looked

ROMY

Oh it's definitely the cutest

MICHELLE

Don't you love how we can say that to each other...and know we're not being conceited?

ROMY

Oh I know. But really, we're just being honest
