

UNTITLED 1- (TRACY)

EDITH

Why are we all here, I'm mean really?

CARA

What?

EDITH

Why are we all here?

CARA

You mean on this planet?

EDITH

No, in this gym.

CARA

Because we're shallow and we wanna look good.

EDITH

Why?

CARA

To meet boys.

EDITH

Exactly...and how ridiculous is that? We're sweaty and smelly...and trying to not show anyone who we really are....it's insane...we're like rats on a wheel, except we're on stairmasters.

CARA

I think you're delirious.

EDITH

For the first time I have total clarity.

UNTITLED 2-

CARA

You want to have a metaphysical conversation when I can barely breath. You're insane.

EDITH

No...this in insane.

CARA

This is just all surface stuff, but underneath you're about to explode, what is it Edith?

EDITH

The meaninglessness of it.

CARA

A little more specific please.

EDITH

That is specific.

CARA

What the hell is going on?

EDITH

I'm not really up to the conversation.

CARA

If I didn't love you so much I'd take that personally.

EDITH

I love you too...and it is personal...and don't take this personally either, but I really need to be alone.

CARA

You know where I am if you need me... we aren't meant to go through these things alone.

EDITH

Thanks...I'll take a rain check.
