

BREE

Start Sc 1

Samantha is already at the table of healthy snacks and the fruit punch bowl with a few other "less desirables".

BREE STEVENS, (19), busty, sorority member pours them drinks much to her regret. Samantha tries to be social.

Bree is already looking down on the less desirable pledges, like Sam.

SAMANTHA

So, I'm taking this media course and making a vlog diary. Still deciding if I want to be a world-famous journalist or a movie executive.

BREE

You say that like I care. Do you come from money?

SAMANTHA

Nope. I arrived the old fashioned way. Mother and a father.

BREE

Are they well off?

SAMANTHA

The bills get paid, mostly.

Bree is unimpressed.

Sam takes a big gulp, finishes her glass and goes for a refill, trying hard to be nice and keep conversation light.

SAMANTHA (CONT'D)

So, serve here often, Bree?

BREE

I live here. Are you being funny?

SAMANTHA

(drinks, to herself)

Just trying to roll with the punches.

(glances over at Kristina)

Hang with the hotties... at a safe distance.

BREE

You've got a lot of attitude.

SAMANTHA

Thank you?

BREE

Not a compliment.

SAMANTHA

Sorry, it's a defense mechanism. I overcompensate for what I lack in other areas.

BREE

Such as?

SAMANTHA

(glancing at Bree's ample cleavage)

Never mind.

Samantha drifts away from Bree and glances at Kristina, Jubilee and the other girls having a good time.

Samantha is getting a bit antsy and spots a little memorial with a framed photo of Tanya Madison in the center.

SAMANTHA (CONT'D)

Sister of the month?

BREE

(walks over)

That's Tanya Madison. She went missing towards the end of last semester. Nobody has seen or heard of her since. Not her family, her friends, nobody. By now, the police assume the worst.

SAMANTHA

I hope that doesn't happen a lot around here.

BREE

(with a smile)

Not if one watches her step but I doubt you need concern yourself about that.

SAMANTHA

Cause I won't be around long enough to find out, huh?

BREE

You're smarter than you look.

Bree smiles and walks away. Samantha gets the message.

End Sc 1
