Maxine

Who is it?

Lydia

A friend of your fiance's.

Max

What do you want?

Lydia

To set the record straight about where Calvin was the other night.

Max

Who are you?

Lydia

My name's Lydia. Seems you and I have something in common.

Max

You said you knew where my fiancé was the other night.

Lydia

With me...where he's been after work, two, sometimes three nights a week. We have what you might call an intimate relationship.

Max

And I'm supposed to believe you because...?

Lydia

He been sleeping in a T-shirt lately? So you won't see the fingernail marks on his back. Bet you didn't know your boyfriend finds a little pain exciting. He didn't either...at first.

Max

Calvin told me I could expect a visit from you. I know all about how you threatened him. That if he didn't break it off with me, you'd save him the trouble. Well, it's over between you and him. We're getting married next month.

Lydia

How sweet, standing by your man. You're a very understanding person.

Max

Big part of loving someone's being able to forgive them.

Lydia

You're also a fool.

Max

I think you should go now.

Lydia

Not before we get something straight you prissy little bitch. I decide when I'm done with your boyfriend. Not him, and certainly not you.. Unless maybe you want to find out just how sharp these nails really are.

Max

I'm working really hard to respect my elders here, but don't push your luck.

Lydia

Let go of my arm. Let me go!! Help!! (over a balcony's edge now) Help!! Don't let go!!!

Max

Now, here's how it's gonna be, Lydia. You're gonna take your threats and your cheesy acrylic nails and you're gonna go figure out your marriage, instead of trying to make other people feel as miserable as you do, understand?

Dark Angel 1-3 (LU)

Okay, okay Lydia

Max
Say the words, "I understand".

I understand Lydia

Good. Max
