

Nora

OK I'm sorry. I know that you think that I ruined everything and that I fucked up really huge and I'm sorry, OK?

Rose

You know what I don't get Nora is that I ask you to do one thing, I mean I can't even ask you to do one thing without you messing it up. I mean Jesus Nora it's not like I don't have enough to deal with in my own life but now I have to take care of you on top of it and I can't. It's too much, I can't do it.

Nora

I'm not asking you to.

Rose

This business was everything to me Nora.

Nora

Well why weren't you there?

Rose

I was going to be there, I told you I was going to be there, you couldn't just wait? To burn the house down?!

Nora

Yeah but you weren't there and I couldn't...I couldn't do it by myself!

Rose

I should have been there. I know. I...I just...I really wanted to go to that baby shower. It' so stupid. I just didn't want those girls looking at me like I was just a maid.

Nora

You're better than them Rose. (Beat) What are you going to do now?

Rose

I dunno, um, they said that I could have my old job back if I wanted. I could put in a good word for you.

Nora

I don't need you to take care of me anymore. It's not your job. It never was.

Rose

Somebody had to take care of you Nora.

Nora

(Beat) You know what I remember about her funeral? My shoes. They were too small and they hurt my feet, that's what I remember.

Rose

You know what I remember? You wouldn't take your shoes off after that. You wore them forever and it drove me crazy. (Beat) I'm still mad at you.

Nora

Alright.

Rose

Like, really mad at you.

Nora

OK.
